

KELBROOK AND SOUGH PARISH COUNCIL

1. Introduction

1.1. Kelbrook and Sough Parish Council actively seeks to protect the Councillors, Volunteers and Staff working for and on behalf of the council and its activities. As such, and following any current Public Health England (PHE) and government guidelines, the following policy applies to any High Consequence Infectious Disease (HCID) as defined by PHE.

1.2. This policy sets out the general principles and approach that the Council will follow in respect of and HCID outbreak in the United Kingdom with an imminent threat of infection.

2. Scope of the policy

2.1. The main areas of concern with respect to HCIDs are:

- Remaining an effective council
- Safety & Health of Councillors, Contractors, Staff, Volunteers and Members of Public.

3. Activation of the policy

3.1. This policy is considered to be activated, when

- There is an active outbreak of a HCID in the United Kingdom with an imminent threat of infection **and**
- At least 2 councillors have requested its activation to the Chairman, and subsequently notified the clerk, or the Chairman plus 1 other councillor have requested its activation to the Clerk, or its activation is resolved in a meeting of the Council.

OR

- The government of the United Kingdom suspends all public meetings.

4. Deactivation of the policy

4.1. This policy is considered to be deactivated, when

- When the imminent threat of infection has passed **and**
- A minimum of 2 councillors have requested public meetings be recommenced **and**
- The government of the United Kingdom as reinstated all public meetings.

5. Definition of High Consequence Infectious Disease

6. Matters relating to staff – The Clerk

- 6.1. The Clerk works from home. The public may only meet with the Clerk by appointment. During any active outbreak of a HCID in the UK, no appointments will be permitted. The clerk will not come into contact with the public during working hours.
- 6.2. In the event of a HCID outbreak the National Joint Council for local government services (NJC) will issue guidance for employers which the council will follow. A summary of the most recent guidance during the COVID-19 outbreak of 2020 is detailed below
 - 6.2.1. Employees who are sick or unfit for work need to focus on their recovery.
 - 6.2.2. As per Part 2 Para 10.9 of the 'Green Book', if an employee is fit for work but decides, or is instructed, to self-isolate, their absence should not be recorded as sickness absence. We would expect all options for home or remote working to be explored with the employee.
 - 6.2.3. If an employee is caring for someone who has or may have coronavirus, this period of absence should also be regarded as self-isolation. Given the employee may then have been in direct contact with the virus we would expect only working from home arrangements to be then considered for the duration of the incubation period. Employers should keep in touch to support employees.
 - 6.2.4. Following any school closures, employers should be fully supportive of employees with childcare responsibilities and consider flexible working arrangements, including working from home, adapting working patterns to care for children or dependants or taking time off, whether this is dependent leave, special leave, annual leave or flexible working.

7. Public Meetings

- 7.1. It is a requirement of the Local Government Act 1972, that council business shall be conducted at public meetings of the council and any committees.
- 7.2. Councillors and other Volunteers can choose to not attend public meetings. As an officer of the council, the Clerk cannot choose to not attend meetings.
- 7.3. Due to the nature of local government and considering the Councillors and Members of Public whom attend meetings, there is high percentage of attendees whom would be considered "high risk" with respect to all of the HCIDs listed in Section 5.2. As

such, to protect the health of all attendees, public meetings are suspended during the active period of this policy.
